

ECO FRIENDLY
SUSTAINABLE
BIODEGRADABLE

VBCI Series- A class of environmentally friendly corrosion inhibitors for a cleaner, greener, better tomorrow.

Vapro VBCI 500 Anti-Seize Compound

Biobased Anti-Seize Compound

NATO STOCK NUMBER: PENDING

Description

Vapro VBCI 500 Anti-seize compound is a black bio-based high temperature and extreme pressure grease. This grease is fortified with additives that provide it with excellent lubricating properties, stability and anti-wear capabilities.

Vapro VBCI 500 is made from graphite and a finely divided thickener, homogenized with additive fortifiers and VBCI corrosion inhibitors.

Vapro VBCI 500 is a non-gumming, non-petroleum base grease. It has no drop point, so it will not run out of threads when heated. It sticks to the metal threads and lets joints in pipe or nuts on bolts or studs make up with less torque.

Applications And Area Of Use

- Gaskets -Threaded Fittings
- Bushings -Compressors
- Rollers -Electric Motors
- Hoists - Regulators
- Wenchers -Valve Steams
- Bearings - Chains
- Pumps - Drives
- Gears -Turbines
- Hand/Motor Operated Valves -Furnaces
- Flanges and "O" rings -Conveyors
- Control chests and head
- Man/hand hole inspection doors
- Low-speed transmission boxes
- Burner assemblies and similar applications

Specifications

Colour
Black

Flash Point
Non-Flammable

Drop Point
Non-melt

Operating Temperature Range
-30°F to 2100°F

Water Soluble
Water proof

NLGI
1

Available Packaging

18 kgs pail or 180 kgs drum
